MEDICAL.

HENRY'S

CARBOLIC

CONSTITUTION RENOVATOR,

OR

BLOOD CLEANSER.

This medicine is known to the faculty as being the concentrated fluid extract of Sarsaparilla united with other valuable medicinal herbs, and is guaranteed as chemically pure,

FOR THE CURE OF

SCROFULA AND CONSUMPTION.

This remedy is compounded expressly for purifying and cleansing the blood of all infirmities, going at once to the fountain-head of disease. It extinguishes

Tumors, Consumption, Syphilis, Skin Eruptions, Salt Rheum, Boils, Rheumatism, Waste of Vitality, Scrofula.

We all know that the promiscuous vaccination indulged in during the late war bred the most villanous diseases. Vaccination pus was taken from the arms of many persons full of scrofulous sores.

Then of course the impurities of the scrofulous patient were absorbed in the blood of men otherwise without disease, and both be soon infected alike. Men, women and children throughout all the West are most wofully diseased from this cause, and know not, until a few months ago, the origin of it

Henry's Constitution Renovator

Relieves the Entire System of Pain and aches, enlivens the spirits, and sends new blood

BOUNDING THROUGH EVERY VEIN.

It imparts a

Sparkling Brightness to the Eye,
A Rosy Glow to the Cheek,
A Ruby Tinge to the Lips,
A Clearness to the Head,
Brightness to the Complexion,
Buoyancy to the Spirits,
And Happiness on all sides.

For all affections of the kindneys it is unsurpassed.

People have been rescued, as it were, from the very jaws of death, by a timely use of this great remedy.

EXTRACTS FROM VARIOUS LETTERS.

"Doctor, I was vaccinated in the hospital.—Before that I had no skin disease. Until I had a bottle of your "Constitution Renovator" sent me by Mr. Koper, of Columbia, Mo., I suffered tortures with running sores Since I used two bottles I am all well except a small sore on the calf of my left leg, and that is getting well fast."

The from a lady.—"And now my skin is as clear and fair as a babe's. My complexion, thanks to your "Renovator," is beautiful.

"Yes yes, I may well say such relief was unknown to me before. Enclosed find five dollars for six bottles; two families here want to try it."

"I was very much troubled with scrofula.—Your remedy seems to be curing me fast. Send 4 bottles per Express."

"No more rheumatism. Three bottles of Constitution Renovator have made me a new man."

"Doctor, enclosed find $5. Please send me a supply. Two families here want to try your Constitution Renovator."

We have not space for more of the above extracts, but you can ask your neighbor about the remedy. Every one has something good to say, as it cures every time.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 12th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

FLORIDA AND NORTH CAROLINA.

The courage, fortitude, patience and long suffering of the white people of these two States, have been without a parallel in all past history.

The crime, guilt, and insolence of Republican reconstruction and its agents are being fast developed. The party in neither State would stop on the brink of the gulf of crime and public misery, which for months and years they could see was yawning before them, and they are now, with the eyes of the whole union and the world upon them, forced into the black abyss of infamy, there to remain without the hope of resurrection or the forgiveness of a betrayed and undone people, who by the power of the federal sword were made the victims of their guilt and their insolence.

Insulted virtue can, with proud disdain, raise its fallen head and enjoy the fall of the baseness that was so long triumphant. The dissolute, false and venal carpet bagger, with his base native allies, backed by federal bayonets, can no longer hold an undone and ruined people in bondage and confusion.

These developments and exposures of fraud, bribery, baseness and corruption, will surely awaken the sleeping justice of the Northern mind and teach them that Florida and North Carolina should have the same control over their internal affairs as Massachusetts and Maine.

The distresses of a people were never known to teach lessons of wisdom to the people who were destroying them. Those who have been intoxicated with power will never abandon it. The disbanded, scattered, and demoralized thieves are daily talking and threatening another reconstruction. The carpet bag vagabonds, when voted out of office in August next, will call on Congress to reinstate them with another reconstruction. Men who have lent themselves to one reconstruction are easily persuaded into a second or third.

Just so sure as the crimes and frauds of Florida have come to light, just so sure will they come to light in North Carolina. We call upon Messrs. Bragg, Phillips and Scott to hurry up the day.

The same men who furnished principles and lights for the Republicans of Florida, furnished them for the Republicans of North Carolina. The principles went up with State bonds, and the lights went out with Littlefield, Swepson and the "Ring."

The party in two States now grope in utter darkness and send up lamentations for the loss of their principles and the extinction of their lights.

To the exclusion of much other matter we copy from the Marion (Fla.) *Courier* the majority and minority reports of a Committee appointed to investigate the conduct of the carpet bag Governor of Florida. The report of the minority is so weak, so wicked, and so palpably corrupt that the members who made it should be sent to the penitentiary for life. We think the people of North Carolina may read with profit these proceedings of the Florida Legislature, on account of the many points of analogy between the swindling operations in that State and ours.

PUBLIC PRINTING—RETRENCHMENT."

"Working Man," in the *Standard* of Saturday morning, complains of the movement of the Legislature in abolishing the office of State Printer, and says that while it was intended as a "blow at Littlefield, its real victim is the journeyman printer, who is dependent on his trade for a living."

Now, for the life of us we can't see how the taking the public printing from Littlefield can be construed into a blow at the journeyman printer, unless it be established that nobody but Littlefield employs journeyman printers to do the work, no matter who gets the job. Furthermore, we don't believe a "working man" wrote the article in question.

ALL RIGHT NOW.—We have received two numbers of "The Republican," published at Greensboro', by the "Republican Publishing Company," Rev. G. Wm. Welker, editor. The first number we received came "heels over head," that is, the outside printed with the head at one of the paper, and the inside with the head at the other. We took this as a sign that it had not exactly determined what platform it would Right on, and so awaited developments.

The second number is right end up, but it is not standing on the *Standard* platform, nor on the *Star* platform, nor on the *Post* platform. It is our opinion, from present indications, that it intends to stand on a platform of its own.

It is very well printed, and contains a good variety of reading matter.

While the bill concerning the prerogative of appointing State proxies and Directors in Public Works was under discussion in the Senate, on Friday night, a Senator got off the following:

"How hard a task 'tis to appease
Two men who are at "outs;"
If either one you try to please,
The other takes the pouts."

MAJORITY AND MINORITY REPORTS

Submitted by the Committee appointed to Investigate the Conduct of Gov. Reed.

Mr. Green, of Manatee, chairman of special committee on official conduct of his Excellency, Harrison Reed, made the following majority report:

MAJORITY REPORT.

HON. M. L. STEARNS, Speaker of the Assembly:

The committee appointed to investigate the official conduct of His Excellency, Harrison Reed, Governor of Florida, having determined to report, the undersigned members respectfully submit the following:

An original draft or order in the following words and figures, to wit:

"NEW YORK, April 26, 1869.

"Messrs. SOUTTER & Co., 53 William Street, New York:

GENTLEMEN: You will please pay over to His Excellency Harrison Reed, Governor of Florida, five thousand dollars as an additional loan on the $100,000 Florida bonds left with you, on which I have heretofore loaned fifty thousand dollars, and oblige yours truly, GEO. W. SWEPSON.

Has been seen and been in possession of committee. This order is endorsed "Harrison Reed, Governor of Florida." Immediately beneath this endorsement is the following, to wit: "Endorsement correct, Nath'l Hayden."

Witnesses who had seen this original order, testified to the committee, prior to the committee having had possession of it, that the endorsement, "Harrison Reed, Governor of Florida," was in the handwriting of the present Governor of Florida, stating upon what their familiarity with his writing was based. Another witness, the present owner of the order, to whom it was shown by the committee, stated that the order was in the handwriting of Geo. W. Swepson, and the endorsement last referred to, in that of his Excellency the present Governor of Florida, and that the cancelling stamp on the original is that usually placed by Messrs. Soutter & Co., upon checks that have been paid at their office. The Comptroller of the State testifies he turned over to Mr. Swepson, through another party in January, A. D. 1869, one hundred thousand dollars of Florida bonds issued under the act of August 6, 1869, Swepson having loaned the State fifty thousand dollars on them. The party through whom the bonds were turned over, testified he delivered the bonds to Soutter & Co., agents of Swepson. The Comptroller holds Swepson's receipt for the same.—In a settlement between the present holder of the draft, and Mr. Swepson, in which the former took as part payment, and cash, the loan made to the State of Florida, this draft was transferred to the holder as part of the loan. He called to see the Comptroller of the State, and the latter refused to recognize the drafts as binding upon the State. The former then calls upon the Governor, who tells him it was a personal loan to him. The Governor admitted he had received the draft. The holder says he has never been paid the amount, and that he holds no collateral for it. He also says this five thousand is a part of the seventy-five hundred mentioned in a letter from Mr. Swepson to Gov. Reed, hereinafter recited. There is another witness, who testifies as to Gov. Reed applying to him in Jacksonville, for a loan of five or six thousand, and offering mortgage on St. John's river property as security. The witness subsequently in New York applied to Mr. Swepson, who agreed to make the loan to Governor Reed. Governor Reed was there, and subsequently told the witness that he had succeeded in making a loan, and had an order on Soutter & Co., and desired witness to go with him to indentify him. Witness did not go, nor did he see the paper or draft. This was about the same time as the date of the draft hereinbore recited.—We know of no mortgage having been given to secure the draft on issue. It recites the security upon which the amount it calls for was loaned—the State bonds of Florida.

The Treasurer of the State testifies that Governor Reed has never accounted for the five thousand dollars referred to, nor has he signified any intention to do so; and further states that on the bonds in question, fifty thousand dollars have been received in the Treasury.

We find that on the first day of November, A. D. 1869, there was due the Trustees of the Board of Internal Improvement Fund, by the Florida Railroad Company, the sum of eleven hundred and forty dollars sinking fund. Early in December, Mr. I. K. Roberts, a director of the road, sent to Governor Reed an accepted draft on J. F. Patterson, of New York, for the amount. This draft was endorsed by Governor Reed, "Pay to George B. Carse through C. T. Teskes, President of the Kensington National Bank," or words to that effect. The witness, General George B. Carse, says the endorsement was signed by Governor Reed, "officially," and delivered to witness; witness endorsed it personally, and the amount was collected and placed to witness' credit, in the said bank. Witness has an open account with the bank, and in this account was credited. Witness says he has never paid the amount to Governor Reed nor to his agent. Witness notified Governor Reed that the draft had been paid. The payment was made between the 20th and 25th of December last. The Treasurer stated this money had never been paid into the Treasury of the State. On the 16th day of November, General George B. Carse, acting under the direction of Governor Reed, offered to pay the amount of eleven hundred and forty dollars due by the Florida Railroad, in the State Scrip. The Treasurer refused to take it, believing the law contemplated the payment should be made in currency, which belief the Attorney General affirmed. Mr. Roberts says the Florida Railroad Company did not prior to draft of December, authorize Governor Reed or any body else to pay the amount. Governor Reed had on the 29th of October written to the Treasurer, stating he was authorized to pay the amount into the Treasury. About the first of November, Governor Reed had drawn a draft upon Mr. Roberts for eleven hundred and forty dollars in favor of one E. B. Bulkley, of New York. This draft was signed by Governor Reed as Chairman or President of Board of Internal Improvement Fund, and stated that it might be considered as receipt for amount sinking fund due by the Florida Railroad Company. This was not paid, Mr. Roberts refusing, as no Treasurer's receipt nor resolution of the board, authorizing this payment was produced.

On the 14th of September A. D. 1868, James D. Westcott, Jr., paid over to Governor Reed the sum of six thousand nine hundred and forty-eight dollars and sixty-three cents, balance of proceeds of certain Virginia, Tennessee and North Carolina bonds, belonging to the State of Florida, which had been placed in his hand for sale. This balance was in currency. No currency was ever paid into the Treasury of the State, but the amount was settled in State Scrip. The settlement was made December 31st, 1869. We also find that a balance of fourteen hundred and thirty dollars, due the Treasury on $30,000 bonds sold to pay for the arms which met such a sad and broken fate in the fall of 1868 was similarly accounted for at the Treasury. Pursuing some of the warrants or certificates paid in on this last account, we find some of them were loaned by General George B. Carse to the Governor. The arms, accoutrements, and ammunition purchased by Governor Reed in fall of 1868, cost the State $21,070, this amount having been paid for them. The rifles are invoiced at seven dollars and fifty cents each. One witness testifies that the Governor said to him in the Executive office, shortly after the former returned from New York in the fall of 1868, that the arms cost four or four dollars and a half each, without the ammunition. Another witness, that in the same office, soon after the adjournment of the January session of the Legislature in 1869, the Governor seemed indignant because this Legislature had failed to make an appropriation to pay for the State arms, and said he was afraid the note he had given for $12,800 to pay for those arms would go to protest. The Governor also said he was personally responsible for the purchase, and did not speak of any cash payment he had made on the purchase, nor allude to any other obligation than the note. No one was present at these conversations, according to memory of witnesses. The invoices for these arms are in name of E. B. Bulkley, 77 Broadway, New York.

In regard to Governor Reed having received money as a consideration for calling the special session of the Legislature, which convened last June, we find that George W. Swepson wrote to Governor Reed in the following words and figures, to wit:

(confidential.)

RALEIGH, N. C., May 31, 1869.

HON. HARRISON REED, Tallahassee, Fla.:

DEAR SIR:—I regret my inability to be in your city during the extra session of the Legislature. Had it been convened on the first of June, as at first contemplated, I could have come. As it is, I cannot. Gen. Littlefield has the bill, etc., and will fully explain everything to you; we expect him to be able to prevent any difficulty being made with you by Osborn's friends. I write hastily and to the point. You remember when in New York, our agreement was this: You were to call the Legislature together, and use your influence to have our bills passed as drawn by us, and if you were successful in this you were to be paid twelve thousand five hundred dollars in cash, out of which amount was to be deducted the seventy five hundred (7500) dollars you have heretofore received, leaving a balance of five thousand dollars to be paid at an early day.

Should our bills as drawn pass, we want you to go to New York and sign and issue to us the State bonds, and receive the bonds of our road in exchange for them.

Any arrangement Gen. Littlefield may make in this matter, will be carried out in good faith.

Very truly,
(Signed) GEO. W. SWEPSON.

This letter was sealed with private seal of Swepson, and was delivered by General Milton S. Littlefield to Governor Reed in Tallahassee, a day or two prior to the meeting of the Legislature in June. Governor Reed did not read this letter in Gen. Littlefield's presence. No allusion to the letter was ever made by Governor Reed to General Littlefield, until in December, he said to him it was Mr. Swepson's duty to correct the vile slander of the Conant affidavit, and the newspaper articles upon it. We find that General Littlefield let Governor Reed have several sums of money during the session, but they were charged against him, and what has not been paid, is now held in account against him. He further states that he knows from Governor Reed's own acknowledgment at that Mr. Swepson has let Gov. Reed have seventy-five hundred dollars, $2 500 of which is secured by mortgage, and the balance is the $5,000 draft before alluded to. This is all we have been able to discover on this point, except that there was a duplicate original of the letter just recited which was shown by General Littlefield to different parties at different times.

In the matter of the printing of the State bonds, we find there was material difference between the cost and that of other bonds, subsequently printed at the same house in New York. We find no evidence of any fraud.

Reluctantly it is that we have come to the conclusion we hold as to our duty; but in view of the circumstances our duty is plain, and we therefore recommend that Harrison Reed, Governor of Florida, be impeached, and respectfully recommend the passage of the accompanying resolution.

JAMES C. GREEN, Ch'm.
GEO. P. RANEY,
JOHN SIMPSON,
H. H. HOWARD,

Resolved by the Assembly, That Harrison Reed, Governor of Florida, be impeached of high crimes and misdemeanors, malfeasance and incompetency in office.

Mr. White, of Clay, from the same committee, made the following minority report:

MINORITY REPORT.

TALLAHASSEE, February, 1870.

HON. M. L. STEARNS, Speaker of the Assembly:

The committee of investigation into the truth of certain charges made against Harrison Reed, the Governor of the State, of incompetency, malfeasance, and other high crimes and misdemeanors, beg leave respectfully to report:

That in obedience to the unpleasant but necessary duty imposed upon them by the order of the House, they entered upon its discharge fully impressed with a sense of the responsibility involved, and of the importance to every public and private interest of a complete and full investigation, a careful and just examination, a clear and decided conclusion.

Organizing immediately, the committee began its sessions on the day after its appointment, and has continued them day by day until these conclusions were formed.—Full opportunity has been given for the introduction of evidence supporting the charges made, and though not conceiving their function to be that of jurors trying a respondent, that no imputation of unfairness or partiality should be made and in order to satisfy the known anxiety of the public mind, opportunity was given to Governor Reed to appear before the committee and make such explanations as he thought best.

After much time and labor given to the taking of the testimony, still more time has been necessary to enable us to reach any satisfactory conclusions, and thus the report has been delayed. Looking back over the history of the State for the last ten years, so full of excitement, agitation and turmoil, we are profoundly impressed with a sense of the value of the results of the reconstructive legislation of the National Government, and its subsequent result in the organization of our own State government. While we cannot claim that this legislation is absolutely perfect, or the results to be altogether those that may have been desired, yet knowing well the thousand difficulties that, from the peculiar situation and characteristics of the whole South, would necessarily hang around and embarrass any attempt at adequate legislation at the hand of merely human lawgivers, we believe that as a whole the legislation of reconstruction originated from patriotic motives, was framed in a friendly spirit, though some of its measures may seem harsh, and is well fitted to promote the ultimate prosperity of the Southern States, and the well-being of their citizens as could be hoped of any legislation that could have been expected under the circumstances.

It has been, therefore with no common regret that we have seen, as citizens, the strength of the State government impaired, its character tarnished its credit injured, and its power for good diminished by the multitude of charges and accusations that, from whatever source coming, have actually been in circulation against the Executive of the State, and, as citizens, have felt that the best good of the State and people, the cause of truth and justice, and the private interests of the Executive, all alike demand a full investigation into the truth of the charges made, and an impartial and fearless award of justice at whatever cost of private feeling or party pride.

And it was with precisely such feelings that, when unexpectedly the duty of investigation devolved upon us, we entered into the examination of the charges made. We have made the examination with all fairness justice and impartiality, and announce the considerations to which we have been irresistibly led by the testimony that has been laid before us.

From the nature of the charges made, and of evidence adduced to support them, the attention of the committee has been particularly directed toward the following transactions as especially requiring examination, and as indicating sinister motives, and involving criminality on the part of Governor Reed.

1st. It was alleged that Governor Reed received from George W. Swepson five thousand dollars, which was supposed to have been improperly obtained for his own private use and advantage, upon the credit of the State.

2d. It was charged that Governor Reed had received eleven hundred and fifty dollars from the Florida Railroad Company, due the Sinking fund, without authority from the Trustees of the Internal Improvement Fund, and had failed to account therefor to the Treasurer of the Fund except in scrip.

3d. It was alleged that Governor Reed had received twelve thousand five hundred dollars for calling the extra session of the Legislature in June, 1869.

4th. It was alleged that Governor Reed had received a balance due the State of some six thousand four hundred and ninety-eight dollars, upon the sale of bonds belonging to the State, in cash, and had accounted therefor in scrip.

5th. It was alleged that Governor Reed had purchased a large quantity of arms for the use of the State, charging the State therefor a larger sum than he actually paid for them.

6th. It was charged that Governor Reed had procured the printing or engraving of certain bonds for the State and charged more for the same than he actually paid for the work.

A large amount of evidence both oral and written, was taken in reference to each of the different charges made, and full and mature consideration was given to the same. The testimony in full, as the same was taken by us, is herewith given, and made a part of this report, and in view of the conclusion ultimately reached, there seems to be no necessity of stating the particularly findings sperately in regard to the charges made.

We give the charges made as presented, the evidences as received, and our own opinion upon the whole, leaving the final determination and judgment to the calm consideration of your honorable body, and the verdict of an enlightened public opinion.

On entering upon the investigation we determined that no bias of party feeling should induce us to shield the respondent if, from evidence, his corruption or criminality should clearly appear. On the other hand, realizing the confusion, disorder, and the manifold dangers that must necessarily follow an abrupt, if only partial disorganization of the government, we could not feel that our duty as citizens would warrant us in recommending impeaching for any light reasons, or a necessity, appeared from the evidence of vindicating the character of our whole people and the cause of justice.

As we stated before, we have fully examined the evidence; have calmly considered it in the light of surrounding circumstances; and have heard the explanations of Governor Reed; and while we find instances of conduct on the part of the Governor that in our opinion are to some extent informal, singular, and indiscreet, particularly in his connection with financial matters, we also find a lack of corruption and accord existing between the Governor and a portion of his cabinet, which indeed appears in their respective official reports, that goes far to palliate or perhaps excuse the irregularities referred to.

With reference to a portion of the charges refered we find them in no wise substantiated by the evidence offered; and in regard to others, where seeming irregularity appears, and while entertaining grave doubts of the propriety of certain acts, we find that when taken into connection with the attending and difficult circumstance, there is absolutely no evidence of any criminal intention whatever on the part of Governor Reed.

Before announcing our final conclusion, we desire to put far away any disposition to appeal in any degree to passion, prejudice, or party feeling, and if any such feeling unwittingly appears in our report, we desire most distinctly and solemnly to disclaim and disavow it.

And on the other hand, when we look forward to the probable results that may reasonably, indeed almost certainly, be expected to follow in the present unsettled and excited state of the public mind upon any hasty and inconsiderate action at the present time, and before the final judgment of your honorable body, upon the results of this investigation as herein embodied, we ask for calm and considerate reflection in the name and for the sake of peace, order, and obedience to law, appealing to that patriotic love of our common country, that universal desire to promote the general good, that conscientious regard for the precepts of justice and truth, which are the highest virtues in any Legislative body, to sustain whatever action conscience and equity may demand.

Before stating our conclusions, we feel bound in duty to call attention to the many difficulties and embarrassments particularly of a financial description, with which, in the administration of a newly-organized government, Governor Reed has found himself continually surrounded. Without sympathy, with scanty resources, without the support from a portion of his cabinet, as it appears from the testimony and from official documents called to fill a multitude of offices by the appointment of comparative strangers, he must have been seriously embarrassed and hampered on every hand.

After deliberate consideration of the charges, the evidence, the surrounding and difficult circumstances, and in view of the results that may be expected to follow the action taken, we do not find the charges preferred to be so far sustained by the evidence given as to warrant us in recommending an impeachment, and accordingly offer as indicating the results of our investigation, the accompanying preamble and resolutions.

WM. R. WHITE.

WHEREAS, By resolution of this House, grave charges of incompetency, malfeasance, and criminality were formally preferred against Harrison Reed, Governor of Florida, a committee of this House was duly commissioned to make investigation, and report in regard to the evidence upon which such charges were made; and,

WHEREAS, After full examination of the evidence adduced and due consideration given to the explanations of Governor Reed, said committee have reported, that while there was evidence of irregular and indiscreet action on the part of Governor Reed, which may be considered reprehensible, and not deserving of approval yet that, taking into consideration the circumstances under which such action occurred, and the many difficulties encountered, no proof is found of any corrupt or criminal intention on the part of Governor Reed that warrants impeachment;

Therefore, be it Resolved, That in view of the charges made, the evidence presented, and the explanations offered, and in consideration of attending circumstances, no sufficient evidence appears to warrant the impeachment of Harrison Reed, Governor of Florida.

The ballot on the motion to adopt the majority report stood, yeas 29, nays 21. A two thirds vote was necessary to impeach, which would have been 34 to 17.

PHOSPHATIC FISH GUANO,

Manufactured at Norfolk Virginia.

This article is much superior to the Peruvian Guano as a fertilizer. It contains a much larger percentage of *lime phosphate* and soda, and nearly as much Ammonia, its effects upon the land will be seen for years.

The following extracts from certificates received from those who used it last year upon Cotton will have the effect to remove the prejudice produced by the use of manufactured fertilizers, and give confidence in this home made article.

H. Leberman, Esq., of Bertie county N. C., writes: "I have used your Phosphate Fish Guano in equal quantities side by side with Peruvian Guano and found the product much in favor of your article, the weed was larger, Cotton heavier and the plant kept green through the dry Summer

J. J. Horton of same State, writes to the same import. Our Circular for January 1870, contains these and other certificates in full.

THE SENTINEL.

CITY AND STATE ITEMS.

MONDAY, FEBRUARY 28, 1870.

☞ THEO. N. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

The press of other matter has necessarily caused a postponement of our notices of "city improvements," but the subject is by no means exhausted, and will be resumed as soon as practicable. If we cannot check the extravagant nonsense, we will show it up as it deserves which may do some good hereafter, if not now.

POSTPONED.—The sale of lots advertised by Mr. R. S. Pullen to take place to-morrow, Tuesday, has been postponed until further notice.

The statement we published, by request, on Friday morning, and which seemed to suggest irregularity on the part of the police department, especially of the Chief of Police, was shown, by investigation before the Mayor to have been without foundation, so far as any wrong intent was concerned. The design of the Mayor was to spare the parties as much as possible, on account of their being strangers in the city. As this seemed not to be satisfactory, the matter was brought up on Saturday, the fines imposed and paid, and there, we suppose, the matter ended.

REMEMBER, there will be a meeting of "The People's Building and Loan Association," at the Court House, on Wednesday evening next, at 7½ o'clock, at which all members are requested to be present.

CORRECTION.—In the obituary notice of Dr. John W. Hutchings on the 23rd inst., his age was represented as "67," whereas it should have been 47. The *Standard* had it 94. We presume the errors were chargeable to the illegibility of the manuscript.

BULLARD'S PANORAMIC VIEW OF NEW YORK, will exhibit at Tucker Hall this afternoon at 3 o'clock, and this evening at 8 o'clock.

This splendid work of art has drawn immense houses wherever it has been exhibited throughout the South, and our Southern exchanges have spoken of its excellence as a work of art in the most glowing terms.

The Charleston *News*, of the 29th January, speaking of its exhibition in that city says, "The afternoon and evening exhibition of this pemorama in Hibernian Hall, yesterday, was a decided success, as on each occasion, every seat was filled, and numbers had to leave for want of room. Every preparation had been made to accommodate the crowds that were expected to attend, but the Hall was by far too small for the many that thronged the exhibition. A number of persons who were debarred the privilege of seats had to leave."

The Wilmington *Journal* says, "The paintings are life-like in their varied representations and are very meritorious as a work of art. No one who has visited the great city can help being struck with the very natural appearance each scene presents."

Extracts from our exchanges might be multiplied, but we deem it unnecessary, as we presume every one, who can pay the fare, will take a pleasure trip to New York and a walk up Broadway during the stay of that interesting locality at Tucker Hall.

We learn with pleasure that sufficient funds having been procured, work will soon be commenced on the monument which the Ladies' Memorial Association, have for some time had in contemplation, to erect to our gallant dead. Suitable inscriptions have been determined on for two sides of this last testimony of the love felt for the Confederate soldiers, by the Ladies of the South. Will the Ladies pardon us, if unsolicited, we suggest the following lines for one of the two vacant sides:

"They fall devoted but undying;
The very gales their names are sighing;
The mosses fill the mightiest river,
Rolls mingling with their fame forever,
Despite of every yoke she bears
The land is Glory's still and theirs"

WHO KNOWS HER WHEREABOUTS?—Important information for a young girl named Sally Harris, adopted as a daughter of Caleb Cantwell who removed to Kentucky some years ago, can be had by applying to J. B. Ruark, Three Springs Post office, Kentucky. The last information from Sally she had removed to Caswell county, this State. So says the Chatham (Va.) *Tribune*.

For the Sentinel.

MR. EDITOR:—Are the property owners and tax payers of this city willing to sit quietly and allow the Commissioners to carry out the proposed reckless expenditures incident upon the McAdamizing Fayetteville and Wilmington Streets, and the Water Works scheme, involving an expenditure of some $250,000, which, in addition to the present indebtedness of the city, cannot be less than $300,000, and by silence, give consent to the movement? If not, why are not some steps taken to hold a public meeting for the purpose of protesting against it, and letting it be known that, if this debt is made, now, while the burdens of the people are as heavy as they can bear, that every party investing in the bonds may understand that they will not *be paid*, if possile to prevent it.

TAX PAYER.

A Cough, Cold, or Sore Throat, requires immediate attention, as neglect often times results in some incurable Lung Disease.—"*Brown's Bronchial Troches*" are a simple remedy, and will almost invariably give immediate relief.

Physicians Use Them in Their Practice. It is almost universally the case that Physicians condemn what are generally known as "Patent Medicines." Although, DR. TUTT'S LIVER PILL IS NOT A PATENT MEDICINE yet its composition (the result of years of study) is known only to himself, and so palpable are their valuable curative properties, that very many of the first Physicians in the South and West have adopted them in their practice, and recommend them to their patients.

Several bills of a private character passed their second readings.

On motion of Mr. Welker the rules were suspended in order to take up and put upon its passage, the bill relating to the powers and duties of State officers. [This is the bill Mr. Long attempted to get up to-day, and relates especially to the powers and duties of the Superintendant of Public Works.]

The bill created considerable discussion, numerous amendments were offered, all of which were voted down and the bill passed.

Mr. Cook moved a reconsideration of the vote.

Mr. Stephens moved to lay the motion on the table, which prevailed.

On motion, the Senate adjourned.

SENATE

SATURDAY, Feb. 26, 1870.

The Senate was called to order at 10 o'clock.

BILLS INTRODUCED.

By Mr. Respass: Bill to incorporate the Raleigh Water Works Company; referred.

The first and second sections of this bill contain the following provisions, to-wit:

That it shall be lawful to open books in the city of Raleigh, under the direction of John G. Williams and Douglas Bell, for the purpose of receiving subscriptions to an amount not to exceed $150,000 in shares of $100 each. The city is entitled to, and authorized to subscribe *three-fifths* of said stock, which shall be done by the signature of the Mayor, on the books opened for subscription of stock, other persons shall be entitled only to *two fifths* of said stock, to be taken by individual subscribers.

That upon any subscription for stock in said Company, there shall be paid $5 on each share at the time of subscribing, which payment shall be made to the Commissioners receiving such subscription, and the residue thereof shall be paid in such instalments and at such time as may be required by the President and Directors of said Company. Upon the election of President and Directors, the Commissioners appointed to receive subscription, shall forthwith pay over to said President and Directors, all money received by them.

By Mr Respass: Bill to amend an act to enable the city of Raleigh to borrow money; referred.

The first section of this bill contains the following provisions, to-wit:

That the sum named in said act be and the same is hereby increased to the extent of $100,000, to be levied in the same manner, *and applied for like purposes*, including the establishment of Water Works, and the paving, Macadamizing or otherwise improving the streets of said city.

THIRD READING OF BILLS.

The following bills pass their third readings, viz:

Bill to charter the city of Greensboro'.

Bill to authorize the County Commissioners of Richmond to levy a special tax.

Bill to incorporate the Louisburg Co-operative Land and Building Association.

Bill to charter the Bank of Statesville.

Bill to authorize the County Commissioners of Northampton to levy a special tax.

Bill to incorporate the Newton Female Academy.

Bill to authorize the County Commissioners of Burke to levy a special tax.

Bill to authorize the County Commissioners of Columbus to levy a special tax, (without limit.)

Mr. Robbins said, this whole policy of authorizing special county taxes at this time is a most unwise one, and I desire *once more* to protest against it most emphatically. I wish it may never be forgotten that I have opposed it, because it is imposing additional and improper burthens upon an already over-taxed people. In a very *few* cases it may be proper. But we have here a regular "Ring" on this matter; and so many gentlemen are offering bills of the kind and all voting for each others bills that it is impossible to check it. Good, bad and indifferent bills all go through.—This bill, for instance, imposes no limit on the amount to be levied. It proposes to give the County Commissioners power to tax their people as much as they please.—Of what benefit are the restrictions in the Constitution when they can be set at naught in this way? I venture to predict that the people will condemn this special county tax business, and that events will soon show how unwise it is to pass these bills so recklessly. I wish it to be well remembered that I protest against this whole policy earnestly and emphatically.

Bill to extend the corporate limits of the town of Franklinton.

Bill to incorporate Salem Lodge, No. 209.

Bill for the relief of J. J. Moore, Sheriff of Granville, extends his time to collect taxes.

Bill to charter the Shingleman's Bank of the town of Plymouth.

Bill to incorporate the Rockford Lodge, No. 251.

Bill to extend the time to the Sheriff of Rockingham to settle with the Public Treasurer.

Bill to prohibit the sale of spirituous liquors within three miles of Ashpole Church, Robeson county.

Mr. Bellamy moved to amend the bill so as to read, "within three miles of any Church in the State," which was adopted, and the bill failed to pass for want of a quorum. Ayes 20, nays 5.

FROM GOVERNOR HOLDEN.

A communication asking the Senate to confirm the appointment of D. A. Jenkins made June 23rd, 1869, and W. C. Kerr, made June 23rd, 1869, as Directors of the Institution of the Deaf, Dumb and Blind Asylum, which was concurred in.

On motion of Mr. Dixon, the Senate resolution in favor of W. H. & R. S. Tucker, (paying $74; for what, the resolution did not state.)

The Season and its Dangers.

The human body is chiefly composed of tissues and fibres as sensitive to every change in the condition of the atmosphere as the most delicate electrometer, or the quicksilver in a barometer tube.

The stomach, the skin, the nerves, the lungs, and the excretory organs are especially liable to be affected by these variations, and the best defence against their disastrous tendency is to keep the digestive machinery, which feeds and nourishes the whole system, in good working order.

If the stomach is weak or disordered neither the blood nor the life can be in a healthy state, and upon the fitness of these two important fluids for the offices assigned to them by nature, and the regularity of their flow, health in a great measure depends.

When the air is heavily laden with chilling vapors, as it often is at this season of the year, the digestion should be an object of peculiar care. If it is weak and languid, the whole physical structure will be enervated. If it is vigorous, the entire organization will be strong to resist the untoward and depressing influence of a damp and vitiated atm sphere.

A pure and powerful tonic is therefore especially needed as a safeguard against the diseases most common in the spring, and Hostetter's Stomach Bitters being the most wholesome and potent medicine of the class at present known, a course of it is particularly advisable at this period of the year. The stomach will thereby be toned and strengthened, the liver and bowels regulated, the nervous system braced up, and nature put in a state of active defence against the miasma which sup produces intermittent and remittent fevers, rheumatisms, nervous debility, headache, hypochondria and other complaints which are apt to assail the untoned and unfortified organizations. The body is strengthened without exciting the brain, and consequently no unpleasant reaction follows its reviving and invigorating operation.

No Life Insurance Company in the United States offers superior advantages for insurance or investment, than the St. Louis Mutual. It is managed by gentlemen of the highest capacity and standing and it enjoys the largest confidence of those acquainted with Insurance Companies.

Its Policies are liberal; its premiums moderate and made easy; its losses are paid promptly; and its investments are made on the most solid basis, being principally in improved real estate *worth twice the amount invested, yielding ten percent per annum.*

All its Policies are non-forfeitable and all participate in profits from the beginning.

Dividends declared and applied annually to policy holders on the contribution plan.

The Company is strictly Mutual, and the profits of its business are paid not to stockholders but to its policy holders.

An equitable surrender value paid to all who through misfortune are unable to keep up their policies.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES R. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

VALENTINES—SOMETHING NEW.

Owing to the fact that some who have received Valentines wish to reciprocate, and others who have not, wish to send some, that they in turn may receive, Cupid will allow them to be sent during the entire month of February this year. And in order to assist in this accommodating arrangement, I have just opened a new lot of sentimental ones, which will be sold at half price.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,54
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	27,24
JOHN HANCOCK,	18,27
THE NATIONAL,	63,48
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It insured more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 589 policies, received an income of seventy-eight thousand dollars, and possessed net assets summing up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,327 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested nett assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
